Save as the sales volume disclosed above, during the month of September 2022, 1,968 units of the Group's LYNK & CO-branded vehicles were delivered to its subscription customers in the European market under its innovative subscription** model, and a total of 8,987 units of vehicles were delivered under its innovative subscription model for the first nine months of 2022.

-END-

Please note that the figures disclosed in this announcement are unaudited and have not been confirmed by the Company's auditor and may be subject to adjustment and final confirmation. Shareholders and potential investors are advised to read carefully the financial results of the Group when it is published.

*: While the total sales volume does not correlate directly to the revenue the Group recognises during a particular period as it includes all sales volume of the Group's 50%-owned LYNK & CO's joint venture and 50%-owned Livan's joint venture on a 100% consolidated basis, the board of directors of the Company believes it is more indicative of the underlying demand of the Group's vehicles. For details of the Livan's joint venture, please refer to the Company's announcements dated 13 December 2021 and 24 January 2022.

** : Subscription means that customers use vehicles and ancillary services during the subscription service period through regular payment of vehicle subscription fees, including vehicle insurance, daily maintenance, data services, road assistance, etc.
